

Director: Marissa H

Designer: Emma S

Notes from Initial Build

- ★ Homepage could use more balance of scale; larger type for the body, and make the image a bit smaller, since it's also getting cut off
- ★ I like the history page, if you wanted to try adding images, maybe to the side where there's negative space, or on top of the box ?
- ★ For the gallery, if you can find clear images of nails cut out (like not including fingers or background or anything), that would work well with the vision i had

★
